Dear Parents/Carers,

As part of the Hallam PS drug and health education program, we are having the Life Education mobile classroom visit our school from 5-12 September, 2016. The subsidised cost for your child to attend this program was paid at the beginning of this year as part of your child’s booklist payment.

Life Education has been visiting our school for many years. It is always a highlight of the children’s year and helps to facilitate the development of students’ life skills, designed to prevent and minimise the harm of drug misuse.

Lessons are always age appropriate, and students will be covering a wide range of drug and health related topics including the human body and how it works, healthy eating and nutrition, medicines and drugs, bullying, resilience and social skills.

Healthy Harold, the much loved Life Education giraffe mascot, is always a highly anticipated element of the Life Education visit. The sessions are always fun, interactive and really extend and develop students’ understanding of the topics covered. We will further broaden these topics during class, both prior to and after the Life Education visit, using the student workbook that is included in the cost of the visit.
