Harold's Dad Comes to Hallam PS!!

On Wednesday 8th May, Harold's dad came to a very special school assembly to find out what his son had been teaching our students during their recent Life Ed classes. Six confident students stood up in front of the whole school and shared what they learned about when they participated in these sessions. They also read out the 'Commitment to Change' goal they had written to explain what they were planning on doing to make a positive change in the future.

Amongst other things, the Preps learned about the importance of personal hygiene, getting a good night's sleep and choosing foods for a healthy, balanced diet. The 1/2s learned about the benefits of physical activity, drinking lots of water and what our bodies need to be healthy. The 3/4s found out how the digestive, respiratory and circulatory systems work and what we can do to keep them working properly. The 5/6s learned more about the dangers of smoking and why vapes are so bad for our bodies.

FREE!! EVERY STUDENT WELCOME! MONDAY—FRIDAY 8.30AM—8.45 AM

THE SIMPLE HELMET FIT CHECK

Two finger widths above the eyebrows.

Helmet straps must be correctly adjusted with no twists. The straps should form a 'V' shape around the ears.

The buckle fastened and two fingers can fit under chin strap.

If the helmet moves out of position easily it is not correctly fitted – straps are loose or helmet is too big.

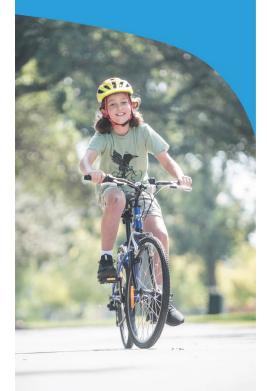

DID YOU KNOW?

- Wearing a helmet when riding a bicycle reduces the risk of head injury by 74%.
- Head injuries are very common for skateboarders not wearing helmets,
- Every year in Victoria, about 250 children are hospitalised as a result of scooter accidents, with head injuries common.

CHILDREN AND ADULTS SHOULD WEAR A HELMET AT ALL TIMES WHILE RIDING A BICYCLE, SCOOTER OR SKATEBOARD.

Set a good example

Children's behaviour is shaped by what their parents/carers do. When it comes to wearing a helmet while riding a bicycle, scooter or skateboard, you need to be a good role model for your own and other children.

Make sure your helmet is safe

- Choose a helmet that carries the Australian Standard mark. This means it is safety approved, legal and meets the Australian/New Zealand Standard AS/NZS 2063.
- If possible, choose a helmet with Multi-Directional Impact Protection System (MIPS) technology. A MIPS helmet has a low friction layer between the helmet and the head, designed to reduce brain trauma in the event of a crash. For more information, visit www.mipsarotection.com
- The helmet needs to be the right size and correctly fitted.
 See the Helmet Fit Check in this guide.
- A helmet is designed to protect a head for one impact only.
 Replace it if it has been in an accident, dropped or has any damage, such as cracks in the foam or worn or frayed straps.
- Don't wear a cap under a helmet as this can affect how the helmet fits and protects the head in an accident.

The law on bicycle helmets

It's against the law to ride without a helmet. The fine for not wearing a helmet is \$201 (as at 1 January 2019).

Other safety gear for skateboarding

Falls can be common so wrist guards and knee and elbow pads are strongly advised to reduce injuries.

HELMETS: WHAT YOU NEED TO KNOW

GUIDE FOR PARENTS

ROADTOZERO.VIC.GOV.AU

- For younger children, the safest places to ride, scoot and skate are the backyard or a park, well away from traffic.
 Driveways are not safe places for play.
- Children under 12 years of age shouldn't ride on the road.
 They are allowed to ride on footpaths and adults can legally ride with them.
- Victoria has an extensive network of paths for safer cycling, scooting and skating. Many of these paths travel through parklands and are well away from roads.

Where to get more information

This guide provides broad road safety advice only. For more comprehensive information about Victorian laws regarding the use of bicycles, scooters and skateboards, visit vicroads.vic.gov.au.

Wearing a bicycle helmet

All bike and scooter riders are required to wear bike helmets in Victoria.

Mandatory bicycle helmet laws were introduced in July 1990. This applies when riding:

- on roads and road-related areas
- on bike and shared paths
- in bike lanes
- in recreational parks
- in car parks
- on footpaths.

Police can stop bike and scooter riders and issue a fine or a warning for not wearing an approved bicycle helmet.

** Parents/carers, please ensure your children are safe and wearing their helmets to and from school.

Hallam students are enjoying lots of skipping and jumping at the moment, as they participate in Jum-p Rope For Heart.... The aim of the program is to get students physically active, whilst learning about how to keep their heart healthy.

Jump Rope for Heart is a fun way for your child to be more physically active, leading them to a future of better health outcomes and reducing their risk of heart disease in adulthood. You are encouraged to ask your child to skip at home ... outside in the fresh air!! Show them some of your captivating tricksadd some music and they will thoroughly enjoy the activity...

If parents wish to participate in the fundraising, please register online... jumprope.org.au/parents.
